FORCE CHASSIS GREASE

Description

- Multi-Purpose Calcium Soap thickened greases
- Available in NLGI grade 3
- Can be used in a wide range of industrial application

Reccomendation

- Lubricating plain and antifriction bearing in steel mills, such as motors and fan bearings, wheel bearings, and steering joints.
- Recommended for most industrial grease applications.

Characteristics	Test Method	Result
NLGI Grade	-	3
Texture	-	Smooth
Colour	-	Dark Brown
Soap Type	-	Calcium Based
Penetration @25°C, Worked (60 St), mm/10	ASTM D 217	233
Dropping Point, °C	ASTM D 2265	111
Copper Strip Corrosion, 24hrs @ 100°C	ASTM D 4048	1b

FORCE GREASE LITHIUM MP

DESCRIPTION

FORCE GREASE LITHIUM MP are extended service lithium greases intended for a wide variety of heavy duty applications. These greases were designed to outperform conventional products by applying high performance proprietary lithium complex manufacturing technology. They are formulated to provide excellent high temperature performance with excellent adhesion, structural stabily and resistance to water contamination.

APPLICATION

FORCE GREASE LITHIUM MP is recommended for use in felt roll bearings, wet end bearings, and press section bearings. is is also a good multi-purpose greases for general mill applications and industrial and marine applications, chassis components and farm equipment.

- High Temperature Resistance
- Anti-Rust and Corrosion
- Multi-Purpose
- Extreme Pressure
